Estrogen and Breast Cancer Risk Bibliography

This bibliography is provided as a service to our readers. It is compiled from the entries in the BCERF [Environmental Risk Factors Bibliographic Database](#).

This bibliography is arranged topically. The topics include:

- [Review Articles](#)
- [Biology of Estrogen and Estrogen Receptors](#)
- [Estrogen's Effects on Cancer Development](#)
- [Lifestyle Factors and Estrogen Exposure](#)
 - [Diet](#)
 - [Phytoestrogens](#)
 - [Body Weight](#)
 - [Alcohol](#)
 - [Birth Control Pills](#)
 - [Exercise](#)
 - [Hormone Replacement Therapy](#)
- [Environmental Factors](#)
 - [Environmental Estrogens](#)
 - [Other Chemicals](#)

Review Articles

Adami, H., Lipworth, L., Titus-Ernstoff, L., Hsieh, C., Hanberg, A., Ahlborg, U., Baron, J., and Trichopoulos, D. (1995). Organochlorine compounds and estrogen-related cancers in women. *Cancer Causes and Control* 6, 551-556.

Adlercreutz, H., and Mazur, W. (1997). Phyto-estrogens and Western diseases. *Annals of Medicine* 29, 95-120.

Ahlborg, U. G., Lipworth, L., Titus-Ernstoff, L., Hsieh, C., Hanberg, A., Baron, J., Trichopoulos, D., and Adami, H. (1995). Organochlorine compounds in relation to breast cancer, endometrial cancer and endometriosis: an assessment of the biological and epidemiological evidence. *Critical Reviews in Toxicology* 25, 463-531.

Anderson, E., Clarke, R. B., and Howell, A. (1998). Estrogen responsiveness and control of normal human breast proliferation. *Journal of Mammary Gland Biology and Neoplasia* 3, 23-35.

Bartow, S. A. (1998). Use of the autopsy to study ontogeny and expression of the estrogen receptor gene in human breast. *Journal of Mammary Gland Biology and Neoplasia* 3, 37-47.

Brown, M. (1994). Estrogen receptor molecular biology. *Hematology/Oncology Clinics of North America* 8, 101-112.

Davis, D. L., Axelrod, D., Osborne, M. P., and Telang, N. T. (1997). Environmental influences on breast cancer risk. *Science & Medicine*, 56-63.

Davis, D. L., and Bradlow, H. L. (1995). Can environmental estrogens cause breast cancer? *Scientific American*, 166-172.

Davis, D. L., Telang, N. T., Osborne, M. P., and Bradlow, H. L. (1997). Medical hypothesis: bifunctional genetic-hormonal

- pathways to breast cancer. *Environmental Health Perspectives* 105, 571-575.
